

## **Annex A: TOR for Fuel Services**

The request is to have:

- Rechargeable credit card for fuel consumption.
- The card should be customised and have the vehicle plate number.
- A pin security number to be allocated for each card.
- Regular monitoring reports for consumption to be sent monthly.
- Online monitoring of consumption.
- A detailed ticket per transaction will be given to the card holder.
- extensive network of petrol stations across Egypt.
- Possibility of additional service such as oil change, car wash, lubricants.

Compliance with the above mentioned requests is mandatory.
